

LUMBER WIZARD™

A powerful, precision, wand-style Woodworking Metal Detector

Helps prevent costly damage to woodshop equipment

The Lumber Wizard is a powerful precision hand-held metal detector designed specifically for woodworkers. It helps detect small metal objects hidden inside new or used lumber. Undetected nails, screws or other metal fragments can damage expensive jointer, planer and saw blades. Flying metal can also cause serious injury. Easy to use, the Lumber Wizard helps woodworkers prevent equipment damage and personal injury. The unit includes a vibration alert, allowing use of the Lumber Wizard in noisy workshops. The Lumber Wizard has received rave reviews from woodworkers and magazines across the country.
