U Double Lock™ Easily Secure Any Door - Deadbolt Strong

- **EASY TO INSTALL** - Install in less than 3 minutes with a standard screwdriver. No drilling required!
- **QUICK TO USE** - Takes only seconds to lock/unlock a door.
- **DEADBOLT STRONG** - Heavy duty steel provides deadbolt strength.

The U Double Lock™ is a simple 2-piece door lock, consisting of a ¼ inch U-shaped piece that wraps around the doorknob shank and slides into the holes of a custom striker plate. The U Double Lock™ is made out of brass-plated steel to provide both a durable and appealing design, which will last for years. To install, simply replace the standard door-jam striker plate with the U Double Lock™ striker plate, using only 2 screws and the existing screw holes. The U Double Lock™ fits bedroom doors as well as most inward opening doors and provides complete security and privacy for your bedroom.
