pump it up for custom support!

... natural shape cradles your head

The Simple Travel Pillow™ is a naturally shaped head support that relieves your neck. It was originally designed to ease the stresses of travel, but is actually ideal for anyone looking for relief from neck tension and stiffness anywhere.

Neck and shoulder tension prevents all of us from doing the things we love to do. It occurs from constantly straining our bones and muscles to hold up the weight of our heads. The SimpleTravel Pillow™ gently supports that weight, relieving pressure.

The Simple Travel Pillow™ is organically shaped to naturally cradle your head. *Support your Head and Relieve Your Neck!* It's exactly what we do when we kick back after a long day.

The Pillow stays in place as your body starts to relax, thereby mildly "lifting" your head & gently stretching your neck. It relieves tension & allows circulation in your muscles and joints.

Enjoy natural relief from tension headaches and stress with The Simple Travel Pillow™.

Made for Travel, Designed for Living Well!
